## **The 3rd International Conference on Marine Mammal Protected Areas** “Important Marine Mammal Areas – A Sense of Place, A Question of Size”

**Stamford Grand Adelaide, Australia, 9 to 11 November 2014**

The 3rd International Conference on Marine Mammal Protected Areas (ICMMPA 3) will focus on the challenges and strategies of managing very large and very small marine mammal protected areas. Like the first two conferences ICMMPA 3 will highlight new developments in science and management, offer training and capacity-building sessions, and provide a forum for sharing information on approaches to marine mammal management and conservation including knowledge products developed by the newly formed IUCN MMPA Task force.
